## Catering – Friday 10 November

If you haven't helped lately, please ensure you can help with this catering. It is important for all families to contribute as we want to share the load. If you cannot make the night, you can always contribute by helping with the preparation of the meals. It will be a bbq with salads. We have the opportunity to provide for two caterings per term. This enables us to have no school fees – but it needs a combined effort from all families. Contact the school if you can help.

## Curriculum Day and Melbourne Cup Day

Our next Curriculum Day is Monday 6 November. Teachers will be working on Professional Learning. Melbourne Cup Day is the following day. Students are not required at school on these days.

## School Photos

School photos will take place next Thursday 9 November. Attached to this newsletter is the order form. It would be great if all the students wore clean, yellow t-shirts with blue pants, shorts or skorts.

## Save these dates:

- 12 December: Grade 6 Bowling & Dinner
- 14 December: School concert & Grade 6 Graduation
- WAVES Splash Park - tbc
- 19 December: Last day students

Well done, this week, to our very impressive learner – Wynter Griffin. She has been very kind and helpful, finding ways to encourage people in the classroom. Also, last week, the Junior Class started a Poppy Penguin visit and Wynter wrote an incredible 7 page recount of the adventures they had. Amazing!!

## FOR YOUR DIARIES

### Term Dates 2022

- Term 1: 28 Jan – 9 Apr
- Term 2: 26 Apr – 25 Jun
- Term 3: 11 Jul – 17 Sep
- Term 4: 3 Oct – 20 Dec

### School Council Meeting

Tuesday 14 November  
@ 5.30pm

## Pitcher This!

Four groups Pitch their ideas to the crowd to win funding.

**First prize \$1000 | Second \$750 | Third \$500 | Fourth \$250**

Our idea we will be pitching is to buy more Lego to help us with our STEM learning. Come along and support our school so we can win the \$1000.

When: Thursday 16 November

Where: Springhurst Hall

Time: 5.30 – 6.30

Free sausage sizzle!!

## Senior Room

Well, hasn't Term Four gone quickly! With swimming, planetarium excursions and a range of fun activities at school we have raced through the first five weeks in the senior room. We've explored the solar system in science lessons, worked on number patterns and fractions in maths and continued to solidify our AUSLAN knowledge. As a class we've also worked on some team building activities - strengthening our resilience and communication skills.

Despite only having a full class once this term, it's been a HAPPY place to LEARN. I look forward to the countless things we have still left to achieve in Term Four and to will help our Grade Six students SAFELY transition towards high school. Check out the calendar !!

## Building Works

We expect the steps at the side access to the building will be completed by the referendum. Please continue to be vigilant around the buildings and remind your children to check for workers and activities when they arrive at school.

## Recount of visit to Wangaratta High School

Today we went to Wangaratta High School. Our school went into the dome. It was huge. But first we made paper planes. I won once but I was happy. We got to see stars and I saw Venus and Jupiter also and the moon. Then we watched a movie. After the movie we had snack. The school went to Barr Reserve. After, we went back on the bus. Chiltern School came on the bus with Springhurst Primary School.

The End

Wait...I forgot the most important was we met a high school student taught us paper planes. Our group made two paper planes. First was a Ring Wing. Second was normal paper planes. It was big: the school was big. But it was fun.

by Amber Holt

Today we went to Wang High School and in the morning there were STEM activities and first I went to make paper planes and we made the Ring Wing that had a hole through the middle. And it was hard to throw the Ring Wing. I liked the Ring Wing because it did loop-tee-loops.

by Lenny Griffin

Today we learned to make a paper plane. It was fun. I made a new paper plane. It spun and dropped. It was like a crown. I was surprised to see how far I got it. We even got to play the car game. It was fun.

By Savannah Young

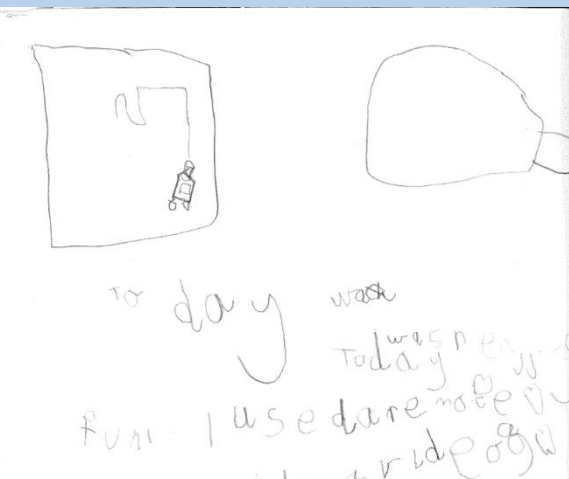

We travelled to the Wangaratta School. Bussy the bus driver picked us up. I saw constellations. There are lots of them. My favourite was the horse constellation. The stars made the constellations. Yes, I liked it. It was fun.

by Shannon Tazzyman

I went to the Wangaratta School. We played tiggly and we made paper planes. The paper planes were different. They were round with a point facing up. They were called a Ring Wing and flew slowly like a leaf. We had lots of paper plane races and there were lots of different winners. It was fun and we got to make lots of friends.

by Wynter Griffin

Today was really fun. I used a remote control like a video game. The first robot I got was C. It kept going in circles. Then I swapped to the next person. The next robot I had went straight and turned corners. It kept going and was the last one still green. It was great.

by Harry Tazzyman
